Valois: here is a prompt from Gabe. I don't recall if we had sent this information out to the MN Tribes yet (i.e., Sara, Leonard, and Gabe)?

Also, please visit with Bert to go over his talking points for kicking off this webinar with the Tribes on Monday.

Thanks,

Douglas

Doug,

I am connecting with our new THPO on this webinar. I haven't seen anything new regarding this webinar. Have you sent out the conference information yet?

Gabe Miller

Thank you Sara: it now looks like Monday February 22nd will work best for us.

Gabe and Leonard: please let us know if you/your leaders are available on this date.

We will be sending out more information about this web conference by next week.

Sincerely,

Douglas Minter

Greetings Sara, Gabe, and Leonard: thank you for your stated interest in an inform and educate web conference hosted by the USEPA Region 8 in Denver on the above proposed project. In response, EPA would like to schedule this web conference from 10 am to 12 noon MST on one of the following Mondays: February 22nd or 29th.

By way of background, I am attaching a brief overview of this proposed project which was one of several enclosed documents included in EPA's November 25, 2015 letter addressed to your Tribal Chairman inviting formal consultation.

Let me know if you have questions or would like further information.

I look forward to hearing from you in the near future.

Sincerely,

Douglas K. Minter
Chief
Underground Injection Control Unit
USEPA Region 8
(303) 312-6079
